say no, especially if she's already half naked. Her pretty titties are the easiest to play with, and those little nipples could fit perfectly between his fingers. Once she's in bed, all she wants is for her pussy and tight little asshole to get all the attention they can get. Thankfully, she's a quick learner, says her coach.

Memoir of a Naughty Nurse

"I can do a patient without disturbing the bed" is the proud motto of this horny hospital angel

As a nurse, I think that any virile guy, young or old, who is recovering from a minor ailment but who's got a hard-on that's lifting the hospital gown to the ceiling needs sympathetic understanding and relief—desperately. My feeling is if the nurse doesn't give it, then she's not doing her job and she's renegeing on that "mercy" requirement.

Doctors and nurses alike are aware that any male patient makes a faster recovery when the nurse, noticing his erection, draws the curtains around his bed and gives him a bit of dedicated sexual therapy. As a nurse who profoundly believes in satisfying the male sexual urge, I often jerk off an aroused patient. I believe I am perfectly entitled to "examine" him with my hands under the sheets. I squeeze his swollen balls with one hand and stroke his cock up and down with the other, and within seconds I can milk him and give him ecstasy.

You should see the look on my patients' faces when I've finished masturbating them! It's profound adoration and it gives me almost as big a thrill as the one I've just imparted to him.

But if the nature of the male patient's ailment allows it (and the timing and privacy are right) I do much more than jerk him off when it comes to relieving the ache he's feeling through being cooped up in a hospital bed. I suck his cock and stroke it for a few seconds to keep it good and stiff, then squat on it with my boobs dangling in his face. In that position he doesn't need to exert himself and perhaps disturb the stitches or fractures he might have. His cock is right inside my pulsing pussy and I move up and down gently and let him

squeeze and kiss my hanging tits.

I've had plenty of practice at this and I always time it so that we both come together in a terrific, mind-blowing orgasm. That way I get some compensation for my dedication to the relief of urgent sexual yearnings in my male patients. They give me sexual pleasure in return.

Forget it if you think I'm a nymphomaniac Florence Nightingale who ought to be fired in disgrace for violating hospital rules and regulations concerning professional conduct for nurses. I'll lay it on the line. Together with thousands of other qualified and experienced nurses who work their butts off inside our hospitals and honestly believe in helping patients get well, I think that satisfying the human sex drive should have top priority in therapy aimed at a patient's quick recovery.

This drive is obviously so strong—in women as well as men—that it seems unnatural for patients to be confined in hospital wards segregated sexually, and deprived of sexual relief to which they have probably become accustomed. Within reason, and subject to a doctor's consent, patients are expected to ask for and recover their health. But do those services and commodities include the relief of the most urgent need human of sex? Not on your life! The minute a man enters a hospital, whether for a short or a prolonged stay, he is deprived of every opportunity to satisfy his sex drive naturally. All he can do is use his hands and masturbate himself for relief.

You would think that with today's more relaxed sexual mores, puritan ideas about not introducing sex-

ual relief in hospitals would be discarded, or at least modified; but that hasn't happened. Sexual segregation in the wards is just as rigid as it was a hundred years ago. Administrators still bury sex under a pall of repression and prejudice. Doctors, fearful of risking their positions as reputable members of the medical community, refrain from publicly endorsing ideas about the relief of sexual tension for hospital patients.

Only experienced nurses with the welfare of their patients always on their minds, have dared to be liberated enough to do something about it. Many of them, like me, believe that administering sexual comfort to their patients is one of their most urgent duties. "I can do the patient without disturbing the bed" has become the proud motto among hospital angels who believe in using sex therapy on their male patients to complement doctor-prescribed treatment.

I have often been asked by the patient himself to bang him and give him some quick relief. A typical case was that of Joey F., whose cock I had often admired on previous occasions when sponging him down or administering a massage. I said I'd be glad to, but because I had an unusually heavy patient load he would have to wait until I had free time the following evening.

Joey was a handsome guy, about 25, and rich. He was a race-car driver and had received head injuries in a crash, but from the neck down he was one solid hunk of masculine sex appeal. I slipped into his private room about 8 pm and found him lying naked in bed with the sheets flung aside. The moment he saw me his magnificent dick sprang upright. "That is a beautiful sight," I told him truthfully, "and it could mean that you're well on the way to complete recovery."

"I'll have a serious relapse if you don't take care of it," he grinned. "I've been dying to fuck you ever since they carried me in here."

I made him wait a couple of minutes while I slipped out of my panties. I stood before him, my long legs apart and my pelvis thrust forward. He gazed at my glistening pink slit, his eyes wide with healthy lust. "Baby, I can't stand it," he groaned. "You just gotta give me the treatment."

I bent over him and he seized my breasts as I fondled his thick cock and huge balls. Then I lay down beside him and immediately his mouth moved down. When his tongue reached my cunt and stabbed inside I gasped with sheer pleasure. His lips and tongue lingered on the inside of my quivering thighs, and then slid up to the wet heat of my erect clit. I moaned, and began stroking the head of his dick vigorously as his muscular body lay across mine.

I moaned louder, and my hips began to oscillate

wildly while my hand increased its friction up and down his huge dick. "Now, Joey, now!" I gasped, pulling him down face-to-face on top of me and wrapping my legs around his waist, locking my feet together behind him.

Swiftly he thrust his throbbing cock right to the hilt inside my steaming cunt, and I clamped down on that perfect appendage with my strong vaginal walls. He flung his head back in ecstasy as I squeezed his cock and started to thrust upwards, hungry for its entire length. He thrust back and we plunged into the frantic rhythm of unrestrained sexual fusion, with Joey pounding and plunging against my hidden anvil and me rearing to meet him with unrestrained lust.

Suddenly he reared back again and shattered the stillness of his private room with a shout that echoed off the walls. His hot cum scorched my membranes and I came myself magnificently as he shouted, "Oh, baby, oh! I can't stand it! God, you're the best fuck I've ever had!"

"Chill!" I urged him, gasping with pleasure myself. "You'll have an army of interns in here, hollering like that."

"I can't help it," he moaned. "You've drained me dry and it was terrific."

Joey and I enjoyed the same sex treatment three more times before he was discharged as "completely cured," days before the doctors had expected him to be well enough. We horny hospital angels discovered early in our nursing careers that if you give a guy some

booty whenever he needs it, you will go a long way towards boosting his will to get well.

Stories about nympho nurses abound, and some of them are true. We are assumed to be wizards at deep-throating, cock-and-ball massage, and down and dirty screwing. We are supposed to be capable of being expert in squeezing the maximum of pleasure out of fucking that would make the most skillful sex worker seem inept.

There are stories that nurses jump into just about any bed at the first drop of a thermometer. There are some really wild stories about nurses' sexual acrobatics with horny young doctors, and even truly amazing stories about nurses' affairs with each other! Just why does the prospect of sex with a nurse make the average guy wet his lips with lascivious anticipation and jack himself off under the bedsheets?

Let's put Mr. Smith, the typical cock-rubber, under the microscope and see. Mr. Smith, in his mid-twenties, was admitted to a hospital for an emergency appendectomy and during his convalescence has his first contact with nurses.

Each evening a lusty redhead comes in to rub his back, a routine chore usually done at bedtime so the patient may rest more comfortably. Now if a patient is young (that is, under 80 and horny), a back rub confined to that area by a sweet-smelling nurse can be a very pleasant affair.

Doctors and nurses understand this, but Mr. Smith is inclined to take a more personal and fantasizing

view. The slow caressing rhythm of a nurse's hands often acts as a trigger for strong erotic impulses. And if the nurse allows her hands to stray slightly around the hips towards the lower abdomen, Mr. Smith's sexual libido soars off into space. "Man, oh man," he thinks, "these nurses crave cock and this beauty wants to grab mine and suck it. This isn't a back rub—it's a prelude to sex!"

Sure enough, the next morning the redhead comes in to give Mr. Smith a bath. What could be sexier than that? To be bathed and anointed by a hot young nurse while lying there, with one's aroused penis only inches away from her luscious lips! It's the stuff of dreams!

What actually happens is that the nurse whisks away his hospital gown so that Mr. Smith is lying under the sheet as naked as a jaybird, tense with sexual anticipation.

The warm, fragrant sponge bathing begins. She tenderly washes his face, ears, and neck like a doting mother. She bathes his chest, arms, and back. She rubs his hairy legs from toes to thighs and even right up to his crotch. As the bath proceeds, Mr. Smith acquires a massive hard-on and a distinct urge to put it somewhere tight, wet, and warm.

"Will she?" he wonders. "Surely she's going to. Oh god, if she doesn't grab my throbbing dick and suck it I'm going to blow my wad right through this sheet!"

The nurse gives him an angelic smile and hands him the washcloth. "You can do the rest yourself," she murmurs, and stares with unabashed amusement at the now tent-like contour of the sheet supported by Mr. Smith's engorged cock. Then she bustles away.

But long after Mr. Smith has left the hospital he remembers the exquisite touch of the nurse's hands and fingertips, and she becomes inextricably and delightfully related in his mind with thoughts of thrilling sex. She prances naked through his wet dreams, enticing, skillful, and shameless.

Mr. Smith cannot be blamed too much for this. His ego tends to blind him to the routine nature of therapeutic value more than a little sexual teasing. For example, had Mr. Smith's case been more serious, or were he for one reason or another in deep melancholy, the nurse might, after rubbing his back, inquire brightly, "Want me to rub your front?" While Mr. Smith ponders this question, wondering just how far south of the border "front" extends, she pats his rising penis lightly and is gone. Unless Mr. Smith is really in a bad way this tends to make him feel life can be beautiful after all.

At some point in almost any male patient's convalescence, he stops seeing his nurse as an impersonal ministering being and becomes aware of her as a sex object. The lustier patients find it harder and harder to

resist reaching for the tempting tits of these hospital angels who bend over them so solicitously. A little breast fondling, a pinch of the ass, a gentle squeeze above the knee—what's the harm in that?

Nevertheless the connotation of the word “nurse” implies a promiscuity that's unmatched by any other female profession, except maybe the oldest. This public image stems in part from popular movies, books, and magazines that seem to delight in ascribing such charms to a nurse. She's cool, starched, and impersonal by day, unstarched to the point of sexual animal by night. Indeed, if one is to accept as true the sexual goings-on in doctors and-nurses shows, one can only conclude that all nurses are hungry for sex on the job as much as off.

It is a treasured piece of folklore that nurses, by virtue of their profession, are antiseptic sex kittens equally at home in the operating room or under the sheets. While many cranky, older nurses have bodies like hat-racks and battle-axe faces, and rarely are propositioned by even desperate male patients, any nurse under 35 with an average figure is fair game for sex come-ons from almost any man in her care.

According to the mental gymnastics of one psychiatrist, a nurse's sexual eagerness stems from the sense of mortality that lurks constantly in hospital corridors. People who work in an atmosphere of sickness and death, he says, need always to prove to themselves their own healthiness and vitality. And what better way to accomplish this than through sexual activity?

Almost all women outside the medical and hospital fields look with awe at nurses. Many a wife has wondered whether her husband in the hospital might be fucking the nurse.

My own first fuck inside a hospital was with a newbie surgeon named Mike, an ex-football player who was hung like a horse. I was in my second year of nursing school, but while playing tennis on the grounds had pulled my Achilles tendon. Mike took care of me,

planting me in a small private room and being so gentle and sympathetic that I almost orgasmed under his touch. (Many student nurses have terrific fantasies about being fucked by doctors and I was no exception.)

I trembled with unabashed desire after he worked on my tendon and suddenly began caressing my breasts. I made it easier for him by slipping out of my nurse's uniform and lying on

the bed completely naked, while he slid his fingers lovingly down to my belly and onto my throbbing love button. He rubbed the sides of it with his moist thumb and forefinger and I orgasmed right there, pleading with him to continue.

He didn't. He stood up and undressed right down to the buff instead, and his hard cock was one of the most perfect I had ever seen: long, beautifully curved, and crowned like a lovely hammer. His balls too were anatomical gems, big and pleading to be massaged. I reached for them and obliged.

A moment later he opened his legs and gently mounted me, his rigid organ probing my quivering cunt. He flicked the head of it against my clit and rubbed until I came again, moaning with sheer delight. Then he fucked me, nice and gentle at first but faster and more urgently as he rushed towards his climax. As he exploded, he fastened his lips to one of my nipples and I raked my sharp fingernails across his muscular ass, intensifying the pain-pleasure we were both soaking up. We orgasmed in perfect harmony and held on to the mutual ecstasy for a full minute.

It took us 15 minutes to recover, but wrapped up in Dr. Mike's arms with his hand on my pussy and mine squeezing his balls, it was sheer heaven.

Ever since then, a hospital has been my favorite place for uninhibited sex and inevitably, like many other nurses, I have developed this “sex-service syndrome.” It's a feeling that because we're under oath to help others we are cheating the male patient if we don't answer his plea for the relief of his sexual tension.

Soccer would be so much better if it were a co-ed sport. When you're a kid it is, but once everyone's filled up with hormones, you're not allowed to get up close and personal with a cute sweaty guy anymore. I still like to show my support, even though I can't be on the field I can still be found cheering from the sides. Who knows,

I might show some lucky jock a proper after party cheer. The kind that's usually private, but with plenty of sex, and lots of moaning. The kind where my partner finds out that I've been wearing lacey undies since I left for the game. Now, doesn't that sound like fun?

Sexy Sabina is a little frustrated. She's getting tired of listening to all of her friends talk about sex and who they're fucking. She's hot, young, and ready to take a real cock. Her ass and tits are perky and round, why is she still so picky? She stays in practice with her trusty purple vibrator.

PROMISE YOU'LL BE GENTLE

So she spreads herself, pushing the vibe into her mouth and pussy. She fucks herself with the toy like her favorite porno actors do. In and out, on her back, sitting up, bent in half. She can't decide which position feels best, until she creams.

HIT THE GYM

I always love going to the gym first thing in the morning. It gets the blood pumping to start the day off right. A couple of weeks ago during one of my early trips, I got even more than the blood to pump.

It was still dark out when I arrived to get started for the day. I went with my normal sets on the bench and was heading toward the bike to do some cardio when I hit a blind corner, and the most gorgeous blonde bombshell ran right into me. I looked up to start yelling at her, only to catch her eye and was instantly hooked. She chuckled and hustled past me, showing off that plump, juicy ass as she did so.

There's a lot of good-looking people at the gym, but I long ago learned to ignore most of them. But this one... I had to go up a couple of levels on the bike in order to try and refocus my mind.

An hour later, when I was finishing up and starting to head for the lockers and showers, I spotted her again, coming right for the same thing. This time, I tried fumbling through a conversation, and I didn't think I was succeeding all that well when she rolled her eyes and opened the door to the family bathroom. She didn't say anything, but gave me a look that gave me one shot to walk in.

Best. Decision. Ever.

As soon as we were both in, she locked the door and pressed me back against the bathroom wall, lips pressing hard against mine, creating a gap only long enough to rip my tank top up over my head. My hands were quickly pulled up and pressed against the wall, locking me in place as her free hand started playing hard with my nipples. I sucked in the pleasurable pain, surprised that I was having to try so hard to keep up with her.

When she pulled back, she pulled off her own top, revealing a tight, black sports bra that wasn't leaving much to the imagination. Not that it needed to, as she pulled that off right away, too. I had to blink and pray to the god that created her as I was pressed right into her chest. I licked and flicked her nipples, holding onto her boobs for dear life, as though they were all that was keeping me afloat.

She moved fast and knew what she wanted with little regard for me, which I found oddly hot. She grabbed my hand and forced it down the front of her pants, guiding me to the small patch of hair guarding her throbbing pussy. I tried to look up at her, but she wasn't done with me at her chest, and the only real reprieve I got was when she lowered her workout shorts to give me better access to her moist clit.

WRONG ATTIRE

My second-floor apartment had a nice view of the swimming pool. Many mornings found me relaxing out on my postage stamp-sized balcony with a cup of coffee gazing upon the sun lashed blue water.

It was Saturday, finally. The pool had opened a half hour ago. A handful of tenants lay on chaise lounges soaking up choice rays, prompt-

Only when she was ready did she undo my pants and release my monster, which already felt like it was ready to explode, yet she choked it tight as a cock ring and made sure I was still primed and ready for her as she sat back on the toilet, holding her legs back. There was little grace about her position, but the same couldn't be said about her. She was beautiful wherever she was, and I didn't hesitate to slide my eager cock inside.

She wasn't quiet or subtle, which only managed to drive me

to go faster and harder. I slapped my balls against her ass, pulling back and pumping deep, gritting through the simultaneous desires to explode and to keep this feeling going. Her look told me everything; that she would tell me when I could let loose.

I picked her up off the toilet and shoved her against the wall, holding her up on my cock as her legs wrapped around her ass. She looked impressed by my strength, like she hadn't met many who could hold her up like that. I allowed myself the first grin since she invited me into the bathroom and started pounding with more ferocity. Her screams echoed through the bathroom, pushing me on. I gritted my teeth, holding on for as long as I could, waiting for her signal, which came when she suddenly grabbed onto my hair and wouldn't let go as she screamed out in pleasure.

My cock was only a half second behind her, exploding with juice that started dripping back down over my shaft and balls. She looked at me, her pussy milking me before nodding. And as I set her down, she knelt to lick off every drop that had managed to get away.

We both got dressed and she shot me a quick look before leaving. And since then, I've discovered she's a regular at about the same time as me every day, and we've started to develop our own cardio routine.

—Morgan B., Tulsa

ing me to get up off my ass.

I needed a tan something awful. A restorative dip would really hit the spot. I went inside and changed clothes, opting for my bikini style swim trunks, the same style I had worn during my years as a collegiate swimmer. Unfortunately these violated the pool rules; revealing swimwear was strictly prohibited—no thongs, no string bikinis, etc. The company that owned the apartment complex was intent on waging war against what they deemed “inappropriate attire.”

Still, I didn't give a damn. The minimalist suit would allow me to get a more complete tan. And I seriously doubted that anybody would complain. Most of my fellow tenants seemed like laidback, live and let live kind of folks. Also, I had stayed in tiptop shape since graduating three years prior. Call me vain, but I was proud of my physique. I wanted to show it off, not hide it from the world.

“Besides,” I muttered to myself. “Rules were meant to be broken...”

Of course some people disagreed with this maxim. It took all of fifteen minutes before the leasing agent showed up. Somebody had complained; either that or Carla had seen me as I had walked past the front office en route to the pool. Reclining on a chaise lounge, I regarded her through my sunglasses.

"Sorry, Mr. Allen, but I'm afraid you'll have to change."

Leasing agents addressed all tenants by their last names. I found this too formal and impersonal, but they hadn't asked for my opinion on the matter.

"Did somebody complain?" I asked.

"Rules are rules," she replied, avoiding my question.

Carla was in her early twenties. Her wildly kinky hair was the color of coffee with cream. A hot little Latina, I thought, admiring her tits. I wasn't the only one with a roving eye.

Her gaze kept straying to my swim trunks. No doubt she was checking out my considerable bulge. She tried her damndest to maintain eye contact, but her gaze kept falling.

I was peering into the fridge and contemplating lunch when somebody knocked on my door. I peered through the peephole. Carla. No sooner had I opened the door than she stepped inside and apologized for the incident at the pool. She seemed genuinely distraught, telling me that she hated to enforce rules that she didn't agree with.

I was still wearing the skimpy brief, having failed to change when I returned from the pool. Carla was checking me out again, big time. But now, emboldened by the privacy of my apartment, she made no attempt to look away.

Carla all but pinned me to the kitchen wall. Her fingers slid down my stomach, found my swim trunks, slipped inside and grasped my hard cock.

"I'm on my lunch break," she told me. "We've got an hour."

The hot little Latina kicked off her ballet flats, squatted like a baseball catcher, and devoured me with much haste. Her juicy lips slid up and down my rod to the accompaniment of slutty slurps, moans, and groans. I grew even harder in her mouth.

I pulled out and wagged my dick in her face, telling her that I wanted to fuck her. She responded by unbuttoning her blouse and discarding her bra. Her tits popped free, caramel mounds capped with dark brown nipples. I unzipped her skirt, letting it fall to the floor. Carla's hot pink cotton panties clung to her shapely ass like plastic wrap. I tossed them atop her skirt. Then I guided her to the side of the sofa, bending her over the armrest. Carla panted with excitement, looking at me over her shoulder as I

stood behind her, gliding my swollen glans up and down the moist entrance to her cunt.

I plunged inside her with a forceful jab. Gripping her hips, I thrust repeatedly, reaming her pussy good and proper. Standing there behind her, gazing down upon her ass, watching my prick move between her pink lips, I almost blew my load right then and there. Had I not pulled out I probably would have.

I moved around her and sat on the sofa, scooting to the edge as Carla got on the floor and maneuvered between my legs. She sandwiched my cock between those stellar titties, then squeezed them together, creating a tight crevice. I didn't even have to thrust. Carla took care of everything, moving her tits up and down my shaft with a frenzied motion. Cum splattered her neck and chin, a stray bead or two peppering her cheek. Totally spent, I lay back and stared at the ceiling. Carla washed up in the bathroom, got dressed, and headed for the door.

"Thanks for breaking the rules," she said. "It was shaping up to be another boring day."

"Glad I could help, Carla."

She left me alone. I eyed my swim trunks on the kitchen floor. Then I looked at my pasty skin, shaking my head in dismay. My tan had gotten derailed.

I know what you're thinking... but we're not too old to have a sleepover. We have so much fun together! We break out our nicest sex toys and fuck each other silly with them. I always make sure to get Lola nice and wet first. She's got the most kissable lips and tastes so sweet, too. And, of course, her perfect, round tits that make me drool.

BEST FUCKING FRIENDS FOREVER

She used my favorite pink dildo on me, thrusting it in and out of my tight hole before letting me ride it. I was so desperate to finish, and the way she sucked on my boobs tipped me over the edge! So I made her cum just as hard with a gold dildo and my talented tongue working magic between her legs.
